Hawaiian Women Kokua Plans Of The Princess

Organization Of Republican Precinct Organizations Goes Forward On Maui; Large Wailuku Meeting

Princess Elizabeth Kaiulani is on Maui this week and is organizing Hawaiian women, or assisting them to organize, into precinct Republican clubs. She is not here campaigning in the interests of any candidate for delegate to congress as it has been reported she would be, but purely in the interest of effective organization for the good of the Hawaiian women and for the Republican party.

Princess Kaiulani arrived from Molokai on Wednesday. There she formed organizations in each precinct and her suggestions were received with enthusiasm. On Maui she spoke at Waikapu, Wednesday afternoon and in the Wailuku Town Hall, Wednesday night. At Waikapu, before the meeting she was the luncheon guest of Mrs. Cockett and in Wailuku Wednesday evening, before the meeting, she was dinner guest of Mrs. C. C. Conrad.

Yesterday the Princess went to Kula Sanitarium, and was the guest of Mrs. H. A. Baldwin at lunch and of Mrs. S. E. Kalama at supper. She held a meeting at the Paha Hawaiian Church in the morning.

Today the Princess is sight seeing, going up Iao Valley and taking other nearby trips this morning and starting for the crater this afternoon.

Sunday she will speak at Waikapu at 10 a. m., Keokea at noon and Ulupalakua at 4 in the afternoon. Monday she will speak at Huelo and Keanae and Tuesday at Kipahulu and Hanalei.

Wailuku Meeting
At the request of Princess Kaiulani the Hawaiian women of the fifth precinct of the third representative district met in the Town hall, Wailuku on Wednesday evening to organize an auxiliary to the Republican League of Women Voters.

The Princess was introduced by Miss Rebecca Akana and in a brief speech outlined the object of the meeting and told why auxiliaries are being organized in all the precincts in the territory. She said in part that every effort should be put forth to educate the women in their right to franchise and to induce them to exercise their right intelligently; that the Hawaiian women would more freely exchange views among each other than they would in a gathering of English speaking women and that thus they would be gradually led out of their timidity and take their place easily and actively in the ranks with the rest of the women voters.

The Princess encountered opposition and she said there is much opposition throughout the Islands against such an organization, many of the men being loud spoken in their opposition; many women opposing it for various reasons; that the late Prince had foreseen and answered all these objections; that she is simply trying to carry out his wish to render every possible service to the people whom he loved, to encourage them to love the land, to lead honorable useful lives and to take an active part in the welfare of their respective communities.

Explanations Satisfy
The Princess forestalled many of the questions which the women had come prepared to ask, and for a few minutes after she had finished there was silence, then came a few scattering questions, after which the discussion was lively as to whether they should organize, some of the younger women opposing most of the older women favoring the movement; those opposing saying there are a number of clubs among the women already, others expressing a desire in favor of organization in view of the reasons voiced by the Princess.

Proposal Endorsed
After hearing the arguments the endorsement was surprisingly greater than had been expected and a vote on the part of the women present resulted in favor of organization. With Mrs. Williamson acting as secretary the following officers were elected:

President, Mrs. Rebecca Deiner; vice-president, Mrs. M. P. Waiwai; secretary, Mrs. Antonio Garcia; treasurer, Mrs. George Cummings; executive committee, Mrs. Huakini Enos, Mrs. Minnie Kalae, Mrs. Inaina.

The majority of the women present signed the roll as members.

An informal reception was held after the meeting.

Beautiful music was furnished during the evening by a double quartette. Many men and a few non-Hawaiian women were among the interested listeners.

For the meeting the hall had been decorated with a profusion of flowers and ferns and palms and beautiful decorative effects secured.

ENGLISH SHIPS SCRAPPED
(ASSOCIATED PRESS)
LONDON, Aug. 31.—The administration in accordance with the Washington agreement, ordered two battle cruisers and four other capital ships scrapped, including the Lion and Beatty's flagship, Jutland.

Racing Committee Has Fair Program Tentatively Fixed

Tentative racing programs for two days of the Maui County Fair have been arranged by the racing committee composed of Dan T. Carey, William H. Engle, Foster Robinson and A. K. Okamura. Yesterday afternoon the committee was waiting the program for Japanese day which is being arranged by a committee of Japanese headed by Okamura who is the Japanese representative on the main racing committee. Then the entire program was to be submitted to Fair Director Rice for his O. K. and when approved by him will be announced and entries solicited from the horse owners of the Islands.

Thursday, the first day of the Fair, the racing program is in the hands of the Japanese community. They are to arrange their own program and to name their own judges and other officials. It is reported that they are taking a wide interest in the proposal, that the races will largely be for the shorter distances but that the card will be a varied one.

Friday and Saturday the general racing committee and officials will be in charge of the races. The card's as tentatively prepared are excellent and the committee has the assurance of entries which should bring some of the hardest run and closest finished events ever seen on Maui.

Dick Harris Has Been On Maui One Year And Certainly Made Good

Dick P. Harris has an anniversary today. It is just a year since he came to the Valley Island as manager of the Maui Amusement Company and in that year he has devoted an unending energy to giving Maui folk more entertaining amusements and more attractive attractions. That he has known heretofore, in so doing he has made himself a Maui institution and the public is by no means inappreciative of what he has been doing.

Harris had planned to celebrate his anniversary with a special performance, bringing in outside talent and staging a big manager's night but he has succeeded so well in giving the public special attractions that he found himself forced to postpone his own special night. He had planned to hold it next week but dates for the amusement public that he has provided interfered and so Dick will have his anniversary show at an early date next month.

Looking back over what Harris has done in the past year it can be seen that he has accomplished a great deal. He has succeeded in securing a better line of films, especially for the Special Tuesday night shows at Kahului. He has brought a number of outside attractions here and assisted in bringing others, notable among them being the Tandy Mackenzie concerts. There have been several good shows brought here and he is more and more swinging his plans toward an accomplishment. Mean time he has made many friends close enough friends to be glad to call him "Dick". The public knows that he has tried and is trying and regards his work as a personal effort in its behalf and will turn out in a body when he has his manager's night.

Rescue Party Nearing Miners; Thought Safe

(ASSOCIATED PRESS)
SAN FRANCISCO, Aug. 30.—A dispatch received from the Argonaut mine says the rescue party are within 100 feet of breaking into the adjoining shaft where the miners are entombed.

The Southern Pacific shattered mountain train records rushing a government mine rescue crew from Elko, Nevada, to Lone, California, to the aid of the miners who are entombed in the Argonaut mine. The track was cleared and the special made the 139 miles of mountain grades in four hours and fifteen minutes.

Crowder Issues Ultimatum To Cuban Government

(ASSOCIATED PRESS)
HAVANA, Cuba, Aug. 31.—The Cuban government is facing a crisis, following the ultimatum from General Crowder, representing the United States government, giving Cuba ten days in which time she must act on legislation for the reorganization of finances that was submitted by him and has the approval of Secretary of State Hughes. If there is no action taken by that time Crowder has threatened to return to the United States and report conditions to the department of state.

Radio Broadcast Concert Tonight

Free Demonstration Of Wireless Telephony Arranged For General Public By Honolulu Advertiser

In the Fair Grounds at Kahului this evening a free radio concert will be given in the open from "KGU" the Honolulu Advertiser broadcasting station. Arrangements for the use of the main boulevard of the grounds were made this morning with Fair Director Harold W. Rice. These were made following a demonstration at the Grand Hotel in Wailuku last night. Tonight's concert will be between 7:30 and 9 o'clock and the public is invited to the first general demonstration of radio telephony to be given on Maui.

Special representatives from the Advertiser's radio department came over from Honolulu on the Wednesday Mauna Kea and came over from Lahaina to Wailuku yesterday morning. They at once began to demonstrate radio receiving equipment and, installing a system at Hamakua yesterday noon had a satisfactory experience.

Last evening a private demonstration was held on the balcony of the Grand Hotel. A special "Aloha" receiving set, designed by the staff of Advertiser radio engineers, thoroughly demonstrated the ease of radio reception from Honolulu broadcast stations. A Western Electric loudspeaker was attached to the receiving set and numbers of people were attracted to the hotel by the voice and musical selections pouring forth "from the air."

This noon a demonstration is being given at the Kula Sanitarium. For this evening in the Fair Grounds a special, broadcasting concert is being arranged in Honolulu, following the notification to the Advertiser by L. E. Kramer, its special representative of the plans that he made this morning.

Time For Filing Of Nomination Papers Drawing To Close

Time for the filing of nomination papers in Honolulu ends on Thursday of next week. Papers mailed from Maui Wednesday should reach there in time. Now that it is practically assured that women will be eligible for office at the elections there is opened the possibility of some women becoming eligible for office but thus far on Maui none have declared themselves.

Rumors have been heard again this week that Levi Joseph had decided to remain deputy sheriff on Molokai and not to make the race for nomination for representative. Such report was unofficial and in other sources, equally unofficial was denied.

Another rumor set at rest was the report that F. B. Cameron would enter the field. That report he denied yesterday afternoon.

Most interest centers around the contest for the short term senatorship. Walsh is in the race to stay and so are Goodness and have been heard in regard to Antonio de Rego filing but the three cornered fight promises to continue occupancy of the political limelight from now until the primary election.

From Molokai comes word that C. Kuanol will be in the field for representative from the Lonely Isle.

Shortly before noon it was reported that Mrs. A. Garcia was seriously considering the taking out of nomination papers for representative.

JAPANESE DIE IN MINE
(ASSOCIATED PRESS)
CUMBERLAND, B. C., Aug. 31.—Fifteen persons were killed, of whom seven were Japanese and five Chinese and sixteen injured, thirteen of whom were Japanese by an explosion in number four mine of the Canadian collieries.

FORMER CADDY WINS
(ASSOCIATED PRESS)
TOLEDO, O.—Eddie Held, 19 years old, a former caddy at Forest Park, St. Louis, won the public links championship tournament here today, defeating Richard Walsh of New York six up and five to play.

Members of clubs having private links were barred from competition.

CHARLES RICE OPPOSED
(ASSOCIATED PRESS)
LIHUE, Kauai, Sept. 1.—Senator Charles Rice will have opposition for renomination for the senate. Aguiar, formerly a representative from this county is candidate on the Democratic ticket.

RUTH NOT LADYLIKE
CHICAGO, Sept. 1.—Babe Ruth was suspended for three days for the third time during the season by President Ban Johnson. Ruth will enter the game again on Labor day. The punishment is for Ruth's language to umpire Connolly last Wednesday at New York and which was reported to Johnson who characterized it as vicious and vulgar.

Moratorium Issue Long Postponed

Reparations Committee Lays Down Rules As To What Germany Must Do In Restoring Its Finances

(ASSOCIATED PRESS)
PARIS, Sept. 1.—French official circles are displaying a grim determination to obtain reparation or seize guarantee to enforce the payments in the event the commission grants Germany the moratorium. The war office is busy and large troop movements are reported from Nancy and Metz to the Rhineland. The occupation of Ruhr is considered certain in the event the moratorium is granted.

The reparations commission decision amounts to postponing the moratorium question until radical reforms in German finances have been carried out. These reforms will include the balancing of the German budget, reducing foreign obligations, reforming their currency, and issuing bonds for foreign and international loans.

Belgium is accredited with having prevented a fall down and break in the negotiations. It is understood that Lloyd George telephoned Poincaré his approval, conditioned on the demand that Germany furnish a gold deposit sufficient to guarantee the deferred payments. It appears to rest between Germany and Belgium, the latter whom agrees to accept treasurers bills from the German government, payable in six months, in lieu of cash payments.

Germany's proposal of coal and wood deliveries is believed by the commission to be conditioned on the granting by the commission of a full moratorium and therefore believes it is unjustified in accepting. The right was reserved however, to accept if the present arrangements for delivery be unsatisfactory.

Honolulu Teachers In Sorry Plight; Wilhelmina Held

(ASSOCIATED PRESS)

SAN FRANCISCO, Aug. 31.—The Matson line steamer Wilhelmina was held up half an hour today waiting for a Southern Pacific train from the south that was bearing Ruth Parsons, Ethel Kirkpatrick and Elizabeth Cobbs, Honolulu teachers to San Francisco from where they were booked to sail on the Wilhelmina. Bearings on the baggage car of the train were hotboxed and the car cut off. The three women taxied to the wharf upon their arrival here, boarded a launch and reached the steamer that was laying in the stream. Their baggage was left behind and they are carrying suitcases only.

Circus Man Saves A Child From Elephant

(ASSOCIATED PRESS)

HANFORD, Cal. Sept. 1.—Fourteen elephants belonging to the Sells-Floto show stampeded when a baby elephant slipped from a runaway and trumpeted for its mother. An iron fence was flattened out and baggage was scattered in all directions.

Directly in the path of a charging cow elephant was Winnie Yates, a four year old child. Leslie Davis, one of the circus men, ran to the aid of the little one and threw her over a pile of lumber, narrowly escaping himself.

The keepers rounded up the herd from the train yards, lumber yards, garages and alleyways.

Senate Passes Four Billion Soldiers Bonus

(ASSOCIATED PRESS)

WASHINGTON, Aug. 31.—The senate today passed the four billion dollar soldiers bonus bill. The measure as it goes to the conference provides three options and plans for world war veterans whose pay in the service will not exceed fifty dollars, as follows:

Adjusted service certificates payable in 20 years or sooner in the event of death;

Contains long provisions for vocational training;

And, at the rate of \$1.75 daily, up to 140 percent of the adjusted service, credit aid in buying farms or homes. The adjusted service pay is figured at one dollar daily for men in domestic service, not to exceed \$500, and a dollar and a quarter for men in overseas service the amount not to exceed \$625.

The gallery was filled with ex-service men who loudly cheered the passage of the bill. No attempt was made to stop them. It is estimated the total cost will be \$3,456,548,1.

Government Secures Injunction Against Striking Shopmen

(ASSOCIATED PRESS)
CHICAGO, Sept. 1.—The federal court has issued a temporary injunction, effective until September 11, pending hearing of an application to make the restraining order permanent, against the striking railroad shopmen and their officials from interfering in any way with the operation of the railroads and their properties. The temporary restraining order was made on the application of Attorney General Daugherty this morning and the return date of the order to show cause why it should not be made permanent is returnable a week from Monday.

(ASSOCIATED PRESS)
WASHINGTON, Sept. 1.—President Johnson of the railroad machinists union on being informed of the issuance of the order said: "It will take more than a mere injunction to prevent the collapse of some of these railroads within the next 30 days. We will continue the strike whatever happens."

(ASSOCIATED PRESS)
CHICAGO, Sept. 1.—Jewell, answering the statement of the railroad executives association purporting to show that the strike was broken said: "We are more than holding our own. Shopmen are still walking out and there is a greater turnover of labor in the railroad shops in the last three weeks than at any time since the strike started. The roads are trying to hire men in place of those who walked out but those who do go in are not sticking."

New Plot Discovered
(ASSOCIATED PRESS)

CHICAGO, Sept. 1.—Disclosures of a new train wrecking plot and other vice legends marked the rail strike yesterday. A pile of debris heaped across the tracks at Spring Lake, Iowa, resulted in the death of one and the injury of three who were riding in a motor car. An attempt was made to blow up Chicago & Alton train near Alton and seven bridges of the Cotton Belt Road were burned.

Here three arrests were made of men charged with plotting to dynamite the New York Central Western Express.

(ASSOCIATED PRESS)
SLATTER, Mo., Sept. 1.—Five arrests were made here on charges of conspiracy to interfere with the United States mails in connection with the shopmen's strike on the Chicago & Alton road on three days of last week.

(ASSOCIATED PRESS)
HELENA, Mont., Sept. 1.—The Northern Pacific announces the resumption of six daily passenger trains that were discontinued because of the strike.

(ASSOCIATED PRESS)
ALBUQUERQUE, N. M., Sept. 1.—Federal officers have arrested W. P. Seyfried, of the state labor association and Andrew Bruno. It is said that three complete bombs were found in their grips. Seyfried's home is said to have contained much material for bomb making.

Government Control Coal Distribution Passes House

(ASSOCIATED PRESS)
WASHINGTON, Sept. 1.—The house today passed by a vote of 214 to 61, the administration bill providing for government control of the distribution of coal during the mining and transportation emergency.

The amendment provided that the emergency act end on January 1, 1924. The measure was sent to the senate and was assured of early consideration by the higher house. Following the disposition of the bonus bill, the senate debated the emergency act for two hours.

(ASSOCIATED PRESS)
PHILADELPHIA, Sept. 1.—The general policies committee of the mine owners declared in statements issued, that only "public demand" will impel them to pay the old scale of wages to anthracite miners further than next April. The meeting is considering the suggestions of Senators Pepper and Reed.

HIRMAN LEADING MOORE
(ASSOCIATED PRESS)

SAN FRANCISCO, Aug. 31.—Five hundred and seventy one precincts out of 6,695 give Senator Herman Johnson 273,762, and Moore 268,098 for the Republican nomination to the senate. Richardson is leading Governor Stephens 261,962 against 227,234 for the California nomination to the governorship.

SEIZE BOOZE CARGO
(ASSOCIATED PRESS)

NEW YORK, Aug. 31.—Officers seized the British Schooner Gamma, carrying \$200,000 worth of scotch whiskey for the excursion steamer Smithfield, which it is alleged is carrying a floating bar.

Women Of Hawaii Eligible To Seat In Legislature

Bill Passed By House In June Passes Senate And Is In President's Hand; Settles Moot Issue

Women will be eligible for election to the legislature or as delegate to congress at the coming election. Only approval of the President is now required and it is expected he will sign the measure within the next few days.

Delegate Harry A. Baldwin sent a wireless to Maui News this morning from Honolulu and said: "My secretary cables me from Washington that the bill permitting women to hold office in Hawaii has passed the senate. It had previously passed the house, last June, and now goes to the President for his approval."

The measure which passed the senate fulfills one of the platform pledges made by Delegate Baldwin in his campaign at the special election and is in line with a resolution which he introduced and had passed by the legislature in special session before he was elected delegate.

Under the Woman Suffrage amendment the ballot was given to women of Hawaii as well as in other parts of the United States. Qualifications for election to the legislature in the Territory of Hawaii, however, under the law included a provision of male citizenship and the same qualification applies as to delegate. Contenders for the rights of women insisted that the granting of suffrage carried with it the right to hold office but opponents insisted that the qualification provisions were specific. The point came up in connection with the candidacy of Mary Atcherly first for the legislature and later for delegate.

In the past nomination petitions were accepted but it was doubted if a woman, if elected, could be seated. Thus any woman who now desires to run for the legislature can file her nominating petition up to next Thursday night in Honolulu with a practical certainty that if elected she will be permitted to hold the office to which she is chosen.

Japanese Schools Problem Less Acute Away From Honolulu

(ASSOCIATED PRESS)
HONOLULU, Sept. 1.—Dr. Iga Mori, chairman of the language textbook committee, returned to this city from the Islands of Hawaii and Maui. Dr. Mori said the agitation against the regulations, as provided, was less intense on the other Islands than in Honolulu where it is being fanned by the Japanese press. He declared that Maui Japanese teachers had passed resolutions accepting the regulations.

It was learned that some committee men expect Governor Farrington to sign the regulations adopted by the committee and it is also expected that Consul Yamashita will refuse to accept the Japanese committee's resignations which were offered on August 22nd.

It is thought that new sessions will be held at which a new program will be drafted.

Will Test Efficacy Aero Torpedo Attack

(ASSOCIATED PRESS)
LOS ANGELES, Aug. 23.—(Associated Press Mail)—Efficacy of the navy's new aero-torpedo attack will be tested in the first maneuvers of the Pacific fleet after its return to local waters next month. A sham sea battle, in which dreadnaughts will pit their prowess against the deadly swiftness of torpedo planes, is to be staged in the waters off Santa Catalina Island, famous among sportsmen as the scene of many a thrilling battle between adventurous anglers and the fighting tuna or swordfish.

The ships of the battle force will put to sea from the Los Angeles base and attempt to return to port without being detected by "enemy" air squadrons. Meanwhile, speedy scout planes will hop off from the air station at San Diego and will endeavor to locate the fleet and report its position to the slower torpedo planes. When those are given the position of the approaching fleet they will put out from shore, release their torpedoes in the midst of the battle-ships and dart out of reach of the aircraft guns.

These maneuvers will take place within 50 miles of shore, on account of the necessity of the torpedo planes starting from shore base, but in December, when the new airplane carrier Langley arrives, similar tests will be conducted about 200 miles at sea.

The Pacific fleet is scheduled to arrive here September 12.
